REQUEST FOR WITHDRAWAL AS ATTORNEY OF RECORD

Commissioner for Patents
Washington, D.C. 20231

Sir:

A Request for Withdrawal as Attorney or Agent was previously submitted on December 3, 2002. The Special Programs Examiner indicated that the request did not comply with 37 CFR 10.40(b). Specifically, the Examiner indicated that the reason for withdrawal did not deal with actions by the client in that there is nothing in the file record that indicates the existence of an assignee or that the assignee is the client. The "client" referred to in 37 CFR 10.40 is seen as being those individuals who conferred power upon the attorneys, in this case the inventor. Accordingly, the request is being revised and resubmitted.

The law firm of Irell & Manella LLP, including all attorneys and agents, wishes to withdraw as attorney of record in the subject application. This Request is based on a failure of the client, Mr. John Vanelli, Chief Executive Officer of Madison Technology Systems, Inc., to pay legal fees for work authorized by the client, and failure to provide timely instructions after repeated requests, which are causes for permissive withdrawal under 37 C.F.R. §§ 10.40(c)(1)(iv) and (vi).

In accordance with 37 C.F.R. § 10.40, we request permission from the Office for permissive withdrawal as attorney of record. We have taken reasonable steps to avoid foreseeable prejudice to the rights of the client, including giving due notice to the client, allowing time for employment of another practitioner, delivering to the client all papers and property to which the client is entitled, and complying with applicable laws and rules.

We request that the correspondence address for the subject application be changed to the following address belonging to the Client/Applicant:
